PERSONNEL / PAYROLL INTERFACE WORKAROUND

CPMS CONTROL NUMBER: 04-0009

ISSUE DATE:	29 Oct 04	**PR/DAR NO:**	SCR X8624
RESCIND DATE:		**REMEDY NO:**	

PROBLEM :   PERSONNEL ☒   PAYROLL ☐
LEGACY ☐   MODERN ☒
BOTH ☐

NOAC 7** transactions with the same effective date as a NOAC 894 or 800 transaction are processing out of order in DCPS in some situations. If both transactions are processed into DCPS on the same run and the date portion of the Time/Date Stamp are the same, DCPS is erroneously processing the NOAC 7** prior to the NOAC 894 or 800. This can cause the employee to be paid with the incorrect data.

SCR X8624 has been written to correct the problem.

WORKAROUND: PERSONNEL ☒   PAYROLL ☐

Personnel - When both a NOAC 7** and 894 or 800 transaction are effective on the same day, first process the 894 or 800 transaction. Wait a minimum of one day before processing the 7** transaction to ensure the date portion of the Time/Date Stamp is not the same.
